

CERTIFICATE OF ANALYSIS

Plasma/Serum Products

Cyfra 21-1 Serum

Source Material: Serum

Expiry Date: None assigned. Users should determine suitability in their own system or refer to any known collection date.

Product Code: H570-2

Antigen/Marker present: Cyfra 21-1

Species: Human

Format: Liquid

Storage Temperature: ≤-15°C. Minimise freeze-thaw cycles

Shipping Temperature: ≤-15°C recommended

Intended Use: For research and further manufacturing use

Health & Safety:

Infectious Disease Tests Performed: The material has not been tested for the presence of infectious agents (other than under "Test Results Data"). See under Precaution for guidance.

Chemicals: For further information please request a Safety Data Sheet.

Precaution: Potentially hazardous. No test can guarantee absence of infective agents. Handle as hazardous using appropriate Personal Protective Equipment. Refer to Safety Data Sheet (available on request) for safety information and precautions.

Test Results Data:

Test performed: Fujirebio CanAg Cyfra 21-1 EIA (ng/ml)

Test result: See under "Lot/Donor Information"

Lot/Donor information:
